Founded in 1988, TECHEAD provides strategic staffing solutions to public and private sector clients. We recruit, retain, and manage talent to optimize our clients' workforce needs while saving them time from the complex hiring process. Through the years, we have adapted our approaches to meet the changing workforce trends in onsite and offsite contingency staffing.

We serve federal and civilian agencies at the state, local and government level with professional services in the Information Technology field. We bring the necessary talent and services to meet the needs of our clients, often anticipating surge trends and cost saving opportunities that will affect our clients in the years to come. Our overall retention rate is greater than 95%.
