DEVELOPMENT MANAGER

EMPLOYEE SPOTLIGHT

My favorite part of working at TECHEAD is that the entire team has been very friendly and helpful. It seems like a close-knit group that just wants to see everyone succeed.

ABOUT ME

If stranded on a deserted island, I would want to have a paddle, axe, and crossbow.

Mt. Vesuvius and Pompeii are the coolest places I've ever visited.

If I could have a superpower, it would be super strength.

My bucket list includes attending an Orioles World Series game.
